

## Cuddly Old Thing

Her eyes are small and dark  
to watch me while I sleep.  
her tail fluffy and round.  
Her arms and legs are good  
for clinging to me at night.

Her fur soft  
and cuddly.  
She comforts me  
when I'm sad.

Warm and really  
cosy to cuddle with  
at night.

Her nose big and black  
for smelling things  
I can't.

Kate, Year 3  
Petersham Public School
